CONTENTS

Part 1 (January 2001)

M. K. V. Carr: The water relations and irrigation requirements of coffee 1
E. Kebreab and A. J. Murdoch: Simulation of integrated control strategies for *Orobanche* spp. based on a life cycle model 37
P. P. Kar, S. Mishra and D. P. Singh: Influence of different phosphorus management strategies on the sporulation and growth of *Azolla* 53
Moin U. Salam, James W. Jones and Kazuhiko Kobayashi: Predicting nursery growth and transplanting shock in rice 65
S. R. Waddington and J. Karigwindi: Productivity and profitability of maize + groundnut rotations compared with continuous maize on smallholder farms in Zimbabwe 83
R. L. Yadav: On-farm experiments on integrated nutrient management in rice-wheat cropping systems 99
J. Riley: Presentation of statistical analyses 115
Book Reviews 125
Instructions to Authors 135

Part 2 (April 2001)

P. Q. Craufurd, R. J. Summerfield, R. Asiedu and P. V. Vara Prasad: Dormancy in yams 147
H. Van Den Berg and A. S. Lestari: Improving local cultivation of soybean in Indonesia through farmers' experiments 183
I. Mialet-Serra, X. Bonneau, S. Mouchet and W. T. Kitu: Growth and yield of coconut–cacao intercrops 195
R. S. Yadav and O. P. Yadav: The performance of cultivars of pearl millet and clusterbean under sole cropping and intercropping systems in arid zone conditions in India 211
E. Mulati and K. Belete: Participatory varietal selection in lowland sorghum in eastern Ethiopia: impact on adoption and genetic diversity 231
J. I. Fahl, M. L. C. Carelli, H. C. Menezes, P. B. Gallo and P. C. O. Trivelin: Gas exchange, growth, yield and beverage quality of *Coffea arabica* cultivars grafted on to *C. canephora* and *C. congensis* 241
G. Schroth, E. Salazar and J. P. Da Silva Jr: Soil nitrogen mineralization under tree crops and a legume cover crop in multi-strata agroforestry in central Amazonia: spatial and temporal patterns 253
Book Reviews 269

Part 3 (July 2001)

R. R. B. Leakey and Z. Tchoundjeu: Diversification of tree crops: domestication of companion crops for poverty reduction and environmental services 279
N. Steinmaier and A. Ngoliya: Potential of pasture legumes in low-external-input and sustainable agriculture (LEISA). 1. Results from green manure research in Luapula province, Zambia 297

N. Steinmaier: Potential of pasture legumes in low-external-input and sustainable agriculture (LEISA). 2. Farmer adaptation of starter technology by farmer research groups in Luapula province, Zambia 309
F. Harris and M. A. Yusuf: Manure management by smallholder farmers in the Kano close-settled zone, Nigeria. 319
W. K. Ng'etich and W. Stephens: Responses of tea to environment in Kenya. 1. Genotype × environment interactions for total dry matter production and yield. 333
W. K. Ng'etich and W. Stephens: Responses of tea to environment in Kenya. 2. Dry matter production and partitioning 343
W. K. Ng'etich, W. Stephens and C. O. Othieno: Responses of tea to environment in Kenya. 3. Yield and yield distribution 363
B. Gérard and A. Buerkert: Estimation of spatial variability in pearl millet growth with non-destructive methods 375
D. J. Nixon, P. J. Burgess, B. N. K. Sanga and M. K. V. Carr: A comparison of the responses of mature and young clonal tea to drought 393
D. Harris, B. S. Raghuwanshi, B. S. Gangwar, S. C. Singh, K. D. Joshi, A. Rashid and P. A. Hollington: Participatory evaluation by farmers of on-farm seed priming in wheat in India, Nepal and Pakistan 407
K. N. Singh and D. P. Sharma: Response of wheat to nitrogen and potassium in saline soils 421
Book Reviews 433

Part 4 (October 2001)

S. N. Azam-Ali, A. Sesay, S. K. Karikari, F. J. Massawe, J. Aguilar-Manjarrez, M. Bannayan and K. J. Hampson: Assessing the potential of an underutilized crop - a case study using Bambara groundnut 433
A. Orr, B. Mwale and D. Saiti: What is an integrated pest management 'strategy'? Explorations in southern Malawi 473
L. Muhr, S. A. Tarawali, M. Peters and R. Schultze-Kraft: Acceptability of forage legumes for improved fallows – first experiences of agro-pastoralists in subhumid southwest Nigeria 495
A. M. Musa, D. Harris, C. Johansen and J. Kumar: Short duration chickpea to replace fallow after *aman* rice: the role of on-farm seed priming in the High Barind Tract of Bangladesh 509
F. Gomes and M. K. V. Carr: Effects of water availability and vine harvesting frequency on the productivity of sweet potato in southern Mozambique. I. Storage root and vine yields 523
R. B. Jones, P. A. Audi and R. Tripp: The role of informal seed systems in disseminating modern varieties. The example of pigeonpea from a semi-arid area of Kenya 539
Book Reviews 549
